#### EDUCATION

# Wellesley College

Sept 2014 – May 2018 B.A. Media Arts & Sciences

# Massachusetts Institute of Technology

Sept 2014 - May 2018

Cross-registered student and researcher

# **Fullstack Academy of Code**

Sept - Dec 2016

Javascript web development bootcamp in NYC

#### **SKILLS & TOOLS**

## Design

Sketch

Framer

Photoshop

Illustrator

Principle

Invision

# Development

Javascript

Node.js

Express.js

React.js

HTML5/CSS3

Git/Github

## INTERESTS

social justice, diversifying tech, photography, rock climbing, longboarding, Mandarin

#### LEADERSHIP

# **CO-DIRECTOR**

WHACK (the Wellesley hackathon)

Feb 2017 - Present

Led a team of 11 across design, logistics, engineering, content, and corporate outreach to organize Wellesley's largest-ever hackathon, which brought together 300 students, 50+ mentors, and 18 companies and partners. Learn more at wellesleyhacks.org.

## **WORK EXPERIENCE**

## **USER EXPERIENCE DESIGNER**

MIT Media Lab, Civic Media

Feb 2017 - Present

Working with a global, multidisciplinary team of researchers, engineers, and media experts to improve the overall user experience of the Media Cloud, a suite of research tools for analyzing topics in the news.

#### **USER EXPERIENCE ENGINEER INTERN**

Google, YouTube Live & Gaming

Summer 2017

Designed and prototyped live interaction features to empower users with opportunities for emotive self-expression and engagement with creators. Presented final work to all of YouTube UX.

# FRONTEND ENGINEERING INTERN

Kensho Technologies

Feb – May 2017

Built scalable and reusable frontend components using Javascript, React, CSS/SASS. Worked on Kensho's first frontend component library (currently in beta internally).

## **UI/UX DESIGN INTERN**

Microsoft Corporation

Summer 2016

Created two software applications with two engineering teams as part of the Microsoft Garage internship program, which emphasizes rapid development and entrepreneurship.

# **EXPERIENCE DESIGNER**

MIT Mobile Experience Lab

Jan - May 2016

Made design recommendations for more human-centered and culturally-relevant experiences in the hospitality and insurance spaces, in collaboration with executives at Marriott International and BNP Paribas Cardiff.
